Mutina

Rombini Vases è un nuovo progetto speciale realizzato da Mutina con Ronan ed Erwan Bouroullec, prodotto in collaborazione con Bitossi.

I vasi che compongono la collezione sono realizzati interamente a mano, applicando uno ad uno i listelli del nuovo Rombini Triangle Extra Small. L'utilizzo dei moduli in ceramica ha permesso di sviluppare degli elementi decorativi dal gusto architettonico, che prendono vita attraverso i giochi di luce prodotti sulla superficie e rifiniscono gli ambienti con la loro fisionomia unica.

Rombini Vases propone tre tipologie di vasi – Vase A, Vase B e Vase C – declinati nella palette cromatica divenuta un classico delle creazioni di Ronan ed Erwan Bouroullec. I vasi sono disponibili in diverse versioni: alcune in tinta unita, altre multicolore.

Rombini Vases is a new special project realised by Mutina and Ronan and Erwan Bouroullec, produced in collaboration with Bitossi.

The vases featured in the collection are entirely handcrafted, by applying the Rombini Triangle Extra Small strips one by one. The ceramic modules allowed to develop decorative pieces with an architectural look and feel, that come to life through the play of light produced on the surface and refine interiors with their unique appearance.

Rombini Vases provides three types of vases – Vase A, Vase B and Vase C – declined in the chromatic palette that became a classic of Ronan and Erwan Bouroullec's creations. The vases are available in several variants: some in solid colours, others mixed.
