# Lane

design by Barber & Osgerby

Lane è il risultato di un'analisi concettuale sul colore, interpretato attraverso uno studio dettagliato dei quartieri e delle architetture di Londra, città che da sempre è fonte di ispirazione per i designer.

Lane si compone di 3 versioni: Base, Poly e Mono. La versione Base consiste in 5 palette cromatiche (White, Black, Grey, Aubergine e Terracotta) ognuna delle quali è formata da un melange di numerosi toni diversi. Come nelle facciate degli edifici londinesi alcuni colori forti si stagliano sul tono di fondo, così in Poly vengono aggiunti alcuni elementi in contrasto ai range precedenti. Mono, invece, è la versione optical ed esiste solo nelle tonalità White e Black.

La collezione è disponibile nel formato 7,9 x 16 cm ed è adatta ad ambienti interni ed esterni, sia a pavimento che a rivestimento.

Lane is the result of a conceptual analysis of colour, interpreted through a detailed study of the neighbourhoods and architectures of London, a city that has always been a source of inspiration for designers.

Lane is composed of 3 versions: Base, Poly and Mono. The Base version comprises 5 colour palettes (White, Black, Grey, Aubergine and Terracotta), each of which is formed by a mix of different tones. As on the facades of London, where a number of strong colours stand out against the background shade, added to Poly are a number of elements in contrast to the previous ranges, while Mono is the optical version and comes in White and Black only.

The collection comes in the 7.9 x 16 cm size and is suitable for both indoor and outdoor settings, on both floors and walls.
